

UNI HOC

Ice Collection

WORKBOOK 2026-27

Ice Collection

The last couple of seasons we have had huge success with our popular Ice Colors for the blades, and this year we have gone all in on this theme. **All our major stick series for season 2026/27 now feature their own Ice Color**, to give the whole collection a unified appearance.

Ice Green

Ice Black

Ice Bright Blue

Ice Purple

PRODIGY

PRODIGY PERFORMANCE CONCEPT is our line-up for the youngest players out there, featuring a wide range of lengths and blade options suitable for the stars of the future. This year we introduce the new color of the year in the concept, called **Ice Purple**.

SEASON 2026-2027

PRODIGY

15025

UNILITE PRODIGY FL 36 black/purple  *Ice Purple*

CARBSKIN BLACK EDITION

The **CARBSKIN®** concept is perhaps our most well-known and popular stick category in the high-end segment of super lightweight sticks. It is pushing the benchmark of lightweight sticks to a totally new level in terms of required shaft properties. This season we are introducing the new **BLACK EDITION**, creating a stunning design that really catches the viewer's eye.

CURVE SERIES

All our **CURVE** models are featured in the **CURVE SERIES**. The **CURVE** shaft is designed to increase the shot power of the player and its unique shaft construction with a slightly curved lower part creates an increased angle between the blade and the floor, adding extra power in the shot release.

SEASON 2026-2027

SEASON 2026-2027

EVOLAB

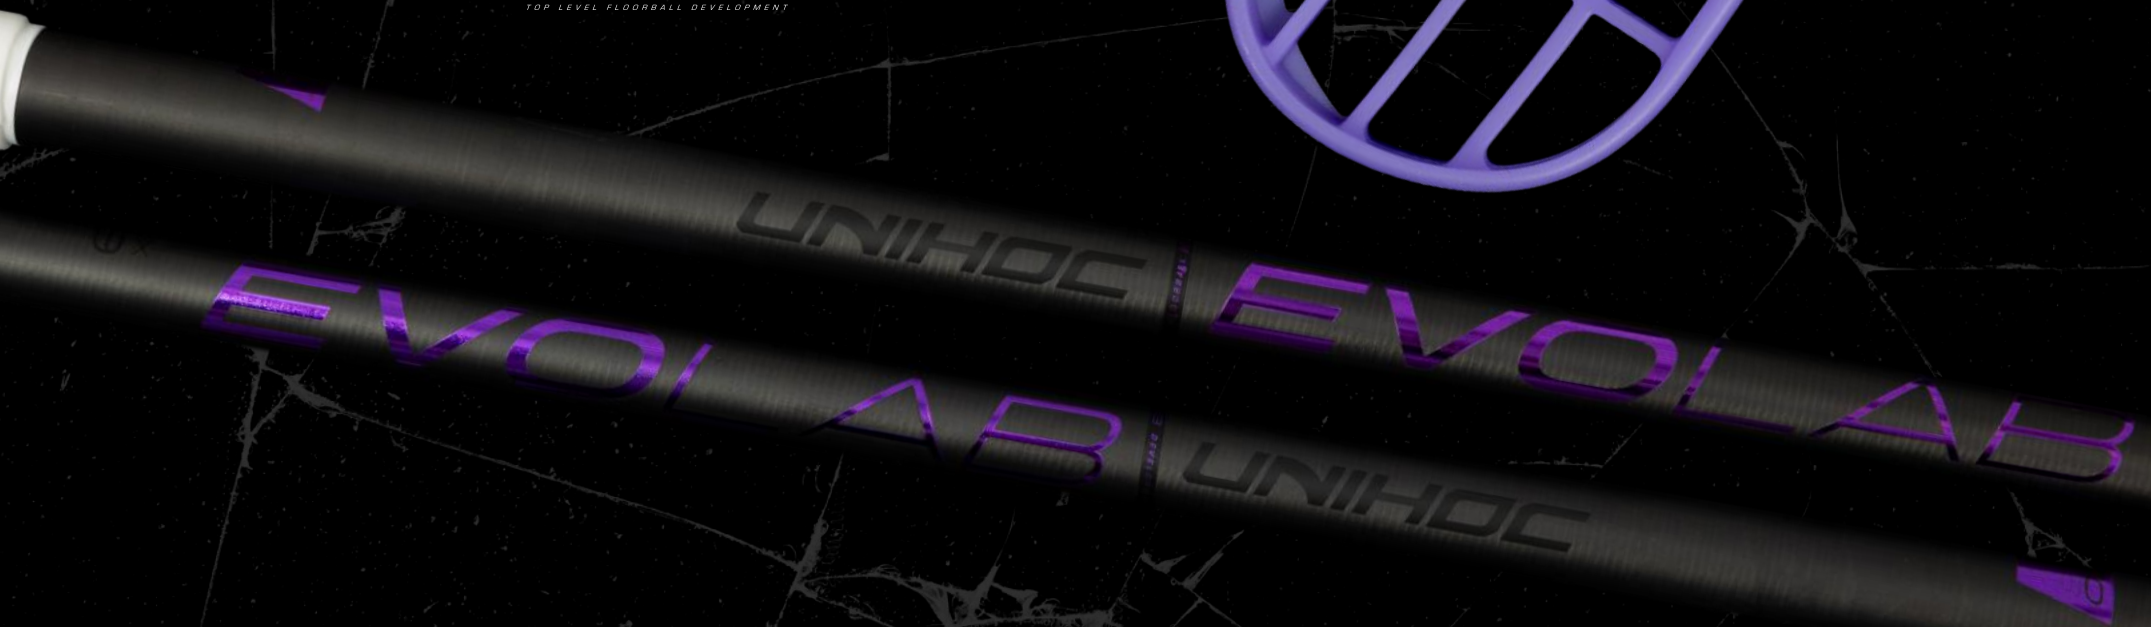

With the **EVOLAB** concept we have taken our focus on development further than ever before, trying to push the boundaries as far as physically possible. This is a process in which we gather all our internal knowledge and combine it with the input from the best floorball players in the world, pushing the limits of what is achievable as far as we can.

The result is the best products in the world and something that we are very proud of.

SEASON 2026-2027

BLADES

The **REGULAR PE** blade is our most common blade type, available in soft, medium, hard.

The **FEATHER PP** is a lightweight blade with soft touch and high friction, available in medium.

TITAN PP is a super firm blade material with low friction against the floor surface.

UNI LITE

UNILITE is our lightest blade in the collection. The construction is designed to cut unnecessary weight but still keep the torsional strength of the blade as well as the great playing characteristics. The result is a brand-new shape and bar system with medium pre-hook and concavity, combined with a clearly marked step between the frame and the playing surface for great ball control and shot release.

EVOLITE

In the spring of 2024 we dropped our **EVOLITE** blade, following in the footsteps of the successful **UNILITE** blade. The blade has a reinforced construction for added strength and it has also been slightly increased in size, and we have made sure to give it the same sensational touch and playability as its predecessor.

ICONIC

ICONIC is a shooting blade from Unihoc. This is the most aggressive blade in our collection, totally focused on optimizing the shooting qualities of the players. The blade has a distinctive concavity along the entire playing surface, starting immediately at the heel of the blade and running all the way to the tip. This concavity improves the ball handling by giving a great grip on the ball, and at the same time it adds extra power in the shot release.

SHIELD

SHIELD is a modern goalie set created for the middle-end segment and it can be used either by goalies who practise seriously on a regular basis or by goalies who merely play for the sake of exercise.

EVOLAB
TOP LEVEL FLOORBALL DEVELOPMENT

In co-operation with Jon Hedlund we bring you an updated model with improved fit and comfort. With added protection for neck and arms, along with a new design for the frontal padding, this garment is part of our **EVOLAB** collection.

LIGHTWEIGHT

CUSHIONING

UX GOALIE is a modern goalie shoe that has been developed with mobility and comfort in mind. The new shoe has been developed as a combination of very strong and durable materials to create the perfect lightweight shoe for the modern goalkeeper.

The shoe is loaded with several special features such as the Slide Control Area, the Flexi Shank and the Lace Cover System. The dual outsole system makes the shoe very versatile and with a brand new design that will match any goalie set the new **UX GOALIE** model is sure to be a corner stone in our shoe collection.

BASIC

The **UNIHOCS BASIC COLLECTION** is created to help spreading this fantastic sport across the globe. The floorball sport is getting more and more recognized and widespread each year and to be able to supply the new floorball markets with a suitable type of equipment to get the game going we have developed a range of products that is perfect for this purpose.

FLOORBALL RINK PREMIUM

The **PREMIUM RINK** sets a new standard for floorball rinks in terms of sustainability, materials and design. We have gathered a lot of information from our teams and federations to create the best floorball rink out there. The demands are always increasing along with the growth of the sport, and that is why we are very proud to present this high end rink to the market. The rink has 6 mm thick walls made of polypropylene (PP) plastic material. The PREMIUM rink model comes with substitution zones clearly marked in white top rail colour.

57950
RINK PREMIUM BLACK
COMPLETE 40X20M

57951
RINK PREMIUM BLACK
COMPLETE 24X14M

**RINK CAN BE CUSTOMIZED
ACCORDING TO REQUIRED
MEASUREMENTS.**

RINK PREMIUM SPLIT SYSTEM

The SPLIT SYSTEM™ is developed as a complement to the PREMIUM and BASIC rinks, to make it possible to divide the gymnasium into several smaller playing fields. The SPLIT SYSTEM™ consists of 4 pcs of corner parts, 14 pcs of 2.5m parts and 2 pcs of 1.5m parts (40x20m rink). A full-size playing field can thus be divided into 3 smaller fields as illustrated above. **57980**

FLOORBALL RINK BASIC

The **BASIC** sets a new standard for floorball rinks in terms of sustainability, materials and functionality. This BASIC rink model has slightly thinner walls than the PREMIUM model, which gives it not only a reduced weight but also a lower price. This rink model comes in solid black colour with no deviating contrast colour for the substitution zone top rails.
